

## MANY FOREIGNERS WILL PETITION COURT FOR NATURALIZATION PAPERS

Meeting Will be Held the First Part of January.

In all probability there will be between 50 and 100 foreigners residing in Charleroi who will make an effort to become American citizens at the first part of next year. Assessor H. F. Parsons, who is busy now taking the assessment of Charleroi, has found a large number who desire to become citizens, and who ask for information. Partly through Mr. Parsons' instrumentality a meeting has been called to be held probably January 11, at which time the foreigners who desire to secure naturalization papers, will be instructed as to the proper methods to pursue in order to secure them and arrangements made for a trip to Pittsburgh, where the necessary steps will be taken in the United States District Court. At present cards containing the most important information are being printed and will be distributed among the foreign people.

To secure naturalization papers the applicant must state place and date of birth, date and port of embarkation, port of arrival, name of vessel in which he came, place and date of birth of wife, if any, and the name, place and date of birth of children, if any. The applicant must be able to speak the English language, must have resided in the United States five years and in Pennsylvania one year. He must be accompanied to the United States District Court by two witnesses who have known him for at least five years and know him to be of good character when the application is filed, and again when the papers are granted.

There are many who have resided in this town for some years, but are not naturalized. Council has taken an interest in the matter and is assisting Assessor Parsons in the preparation of the cards of information. The meeting to be held will be attended by persons who are versed in the naturalization laws, and who will explain them.

## TWO LOTS OF NOAH SPEERS HEIRS SOLD

At a master's sale in partition, two lots of the property of the Noah Speers heirs, one in Twilight borough, and one in Speers borough, were disposed of yesterday afternoon. John R. McCraight, of Washington was the master. Others here from Washington in connection with the sale were Attorneys O. S. Chalfant, E. E. Crumrine, T. Jeff Duncan, Major John F. Post, and J. Boyd Crumrine. There is other property of the Speers heirs to be sold, but this was postponed until a later date.

### Preparing for Tea Party.

The annual Thanksgiving Tea Party of St. Jerome's church will be given at Turner Hall Thursday evening, November 25. The committee in charge is hard at work to complete arrangements. This is one of the big church events of the year, and has always attracted a large attendance. More details will be given later.

### Notice to Taxpayers.

The books for 1909 State and county taxes have been turned over to me for collection. Persons wishing to pay the same can call at office, second floor of First National bank building. J. W. Mathias, Collector.

### Official Count Being Made.

The official returning board of Washington county began a canvass of the election return sheets yesterday at 12 o'clock noon. Judge J. F. Taylor is in charge and the following are assisting in the work: Prothonotary H. F. Ward, R. G. Miller, John H. McDowell, Joseph K. Weir, and J. Carter Judson. It is expected to finish the tabulating today.

## LARGE STORAGE TANK BEING ERECTED FOR NEWELL WATER PLANT

This week a large force of men started at work excavating for the mammoth storage tank for the system of water works at Newell. This system is to be installed by the Pittsburgh and Lake Erie Railroad company and the work will be pushed with all possible speed as long as favorable weather lasts. The installation of this system will put Newell on a footing for rapid development as a town next season.

Construction work on the buildings and plant of the big chemical works that are being erected there by the General Chemical company is progressing rapidly. Many of the buildings are well under way, and the installation of the machinery will be commenced at the earliest possible moment. Not much is made public concerning the capacity of this plant, or the nature of the product, but from preparations and the size of the plant it is manifest that operations are expected to be conducted on an extensive scale.

The P. and L. E. Railroad company is also doing a big piece of work at Newell. This is the construction of two sidings, each large enough to accommodate the big passenger trains. The sidings have to be cut out of the hillside from a point near the Anchor mine to Miller's hollow, near the scale house. Two steam shovels are used and three work trains. The dirt is hauled to Brownsville and dumped into the hollow at Dunlap creek. It will aid very materially in filling the big depression that exists there.

### Picked Up Wrong Man.

Two Waynesburg girls went to Pittsburgh yesterday to do some shopping, and meeting an agreeable young man in a restaurant entered in conversation with him. A policeman happened along and recognizing the young Lothario as an alleged crook, arrested the whole bunch and landed them in the police station. Relatives from Waynesburg rescued the girls, who will be more careful in the future whose attentions they accept.

### Charter Notice.

Notice is hereby given that application will be made to the Governor of the Commonwealth of Pennsylvania on Monday, November 15, 1909 by J. F. Donaghy, C. S. VanVorhis and R. M. Smith under the act of Assembly entitled "An act to provide for the incorporation and regulation of certain corporations," approved April 29, 1874, and the supplements thereto, for the charter of an intended corporation to be called Charleroi Automobile Company, the character and object of which is "the maintenance of an automobile garage for the manufacture, sale, exchange, repair and storage of automobiles and automobile fixtures, parts and supplies" and for these purposes, to have, possess and enjoy all the rights, benefits and privileges of said act of Assembly and supplements thereto.

David M. McCloskey, Solicitor.

## CLINTON MINE SOLD TO RIVER COAL COMPANY

Purpose to Secure Coal in Rear of the Workings.

The Clinton mine, formerly owned by the People's Coal company, has been taken over by the River coal company and is now running under new management. W. N. Rigg will be the new superintendent and the mine will be run in connection with the Monongahela mine, of which he is also superintendent.

The terms of the deal whereby the Clinton mine was to be taken over were completed some time ago but owing to some releases which it was necessary to obtain, the deal was not consummated until this week. The purpose of the taking over of the Clinton mine by the River coal people, was to give them access to some valuable undeveloped territory owned by them in the rear of the mine. The Clinton mine is practically worked out, the entries having been pushed back to the face of the coal the company desires to operate.

## LADIES' MISSIONARY SOCIETY HAS MEETING

The Washington Avenue Ladies' Missionary society held their regular monthly meeting at the Washington Avenue church yesterday and took up the discussion of Korea. Mrs. K. J. Whitehead, the president, opened the meeting after which the lesson of the afternoon on Korea was taken up by the leader, Mrs. Joseph Elliott, and her assistants, Mrs. Edwin McKay, Mrs. William Gelder and Mrs. Herman Culler. A business meeting and social hour followed. Mrs. Charles Michener and Mrs. William Eneix were hostesses. The meeting was a sort of memorial affair, there not having been any meeting since the death of a prominent member, Mrs. J. M. Whitlatch.

A farewell was tendered Mrs. Joseph Elliott, who leaves soon for Colorado, to make her future home.

### Thirty-Four Free Patients.

Sixty-eight patients were cared for at the Washington hospital during October. Thirty-four of these were charity patients.

### Mills to be Enlarged.

Plans have been completed for the enlargement of the Standard Tin Plate works at Canonsburg whereby 300 more men will be employed.

## IMPORTANT CHANGES MADE IN SCHEDULE

One New Train Will Come Up Valley on Sunday.

Important changes are to be made in the train schedule on the Monongahela Division beginning on Sunday. There are to be alterations in the time of several trains, but these changes have not been announced as yet. Among the important changes will be the establishment of a Sunday train from Rices Landing to reach there at 12:30 o'clock and a new Sunday train to Brownsville, to go south through Charleroi at 12:23 o'clock. There will be also a Sunday train established from Rices Landing north. Heretofore there have been no Sunday trains on this branch. Train service on the Ellsworth Branch will be entirely re-adjusted, and there will be more trains put on for the Marianna run. The general important changes announced for the division are:

Week-day train No. 174 will be established to leave Pittsburgh 9:10 p. m., arrive at Monongahela at 10:30 p. m. and Marianna at 11:41 p. m.

Sunday only, train No. 198 will be established to leave Pittsburgh at 9:10 p. m., arrive Monongahela at 10:30 p. m. and Marianna at 11:20 p. m.

Sunday only, train No. 180 will be run through to Rices Landing, arriving at 12:49 p. m.

Sunday only, train No. 186 will leave Pittsburgh 6:05 p. m. and arrive Brownsville at 8:41 p. m.

Sunday only, train No. 188 will leave Pittsburgh 9:10 p. m. arrive Monongahela 10:30 p. m.

New Sunday only, train No. 190 will leave Pittsburgh 10:30 p. m. arrive Brownsville 1:05 a. m.

Week-day train No. 173 will be established to leave Marianna at 7:11 a. m. Monongahela at 8:08 and arrive Pittsburgh at 9:30 a. m.

Sunday only, train No. 189 will be established to leave Marianna at 7:48 a. m. Monongahela at 7:51 a. m. and arrive Pittsburgh at 8:55 a. m.

Sunday only, train No. 215-214 will be established to leave Rices Landing at 4:30 p. m. arrive Brownsville at 5:05 p. m.

## DECISION OF WASHINGTON COUNTY JUDGE WILL PROTECT THE MINERS

Still Confined to Home.

Rev. J. Sechinsky, pastor of the Russian Orthodox church here who was badly injured last week when a bottle of ketchup exploded at his home, has not recovered as yet, but still is under the care of a physician. His face shows the effect of numerous cuts from pieces of flying glass.

## TRUE BILL FOUND AGAINST ITALIAN ON SEVERAL COUNTS

The grand jury at Washington returned a true bill yesterday against Tony Calasto, an Italian charged with robbery. There are 13 counts in the indictment and that many different private prosecutors. The scene of hold-ups was at Shire Oaks. Calasto appeared to be the leader of an organized gang that did not work, but lived off what they could extort or take from fellow countrymen, especially on payday. A bill charging assault and battery was also returned against Calasto.

The grand jury also returned a true bill against W. M. Burley, charging assault and battery. Fay Gainer is the prosecutor. The suit is the outcome of a fight in Burley's office at California. At the February term Gainer recovered \$1,750 on a wage contract from Burley and bad blood has existed between the parties ever since.

## RECORDS BROKEN AT CARNEGIE STEEL MILL

Last month the Carnegie Steel Hoop mill at Monacaen turned out the largest output since the mill was started. No. 1 mill turned out 1,727 gross tons of cut steel and No. 2 mill also smashed all records with an output of 2,718 gross tons of spring steel used in automobile and buggy building. The new record in 72 tons in excess of past figures reached by No. 1 mill and No. 2 mill has beaten her old figures by 38 tons.

### No Race Suicide.

The Washington board of health reports 25 deaths in the town during the month of October. There were 43 births during the month.

### Pigeon Creek Coal Deal.

It is stated that a syndicate of Pittsburgh capitalists are negotiating for a block of coal near the Pigeon Creek Presbyterian church. There are nearly 1,000 acres in the block, which the farmers owning it have united in holding for an average price of \$300 an acre. It is believed the deal will go through.

### Entertains Friends.

About 40 friends were entertained last night by Miss Mabel Hoskins at her home, 510 Lincoln avenue. The evening was spent with the playing of games and music. Lunch was served. Out of town guests were present from Speers.

The manicuring parlors formally occupied by Miss Lamb on Fourth street will be re-opened on November 8, 1909. Miss Keech will be prepared to do manicuring, shampooing, hair dressing and weaving, face and scalp massage, and chiropody. 63t2

Walter Ebert of Bentleyville was attending to business transactions in Charleroi Thursday.

## Safety Lamps and Appliances Must be Used in Bituminous Mines.

The county court yesterday afternoon handed down a decision in a case involving the use of safety appliances in bituminous coal mines, settling a question of paramount importance to coal operators and miners in this section and one that has caused much litigation.

The case grew out of a report made by Mine Inspectors Pratt, Adams, Ross and Phillips following an examination of the Manifold mines of the Yeughliogheny and Ohio Coal company. The report recommended that, except in a small, unused portion of the mine, safety lamps should be used and safety explosives only employed.

The company took an appeal and the court appointed a board of commissioners composed of James' Blick, Benjamin Fereday and Jesse K. Johnston, all mining experts, to investigate. This board reported that the danger from gas in the mine was slight providing safety lamps were used in the pillar workings and wherever gas in appreciable quantities could be discovered and also where the intake airways were sufficient and kept free from floating dust. The board approved the use of safety explosives.

The company claimed the board did not sustain the inspectors and that it need make no material change in the operation of the mine. The inspectors appealed and filed exception. The controversy came upon court last week and the inspectors and company were instructed to reach some agreement, the court ruling that the commissioners' report indicated great latent danger in the mine.

and approved by the court in its decision, is to the effect that all parts of the mines must be worked with locked safety lamps except those portions which are unused and the worked out and isolated portions and except in main haulage passage ways, which are to be determined by the mine inspectors and company. The safest known explosive recommended by the State Mining Department shall be used.

Similar conditions exist in a majority of the mines in the Pittsburgh district, and similar agreements in most cases will be made.

## MEMBERS OF CLUB GET LATEST FICTION

The Charleroi book club, which has been in successful operation for two seasons past, has again organized. The plan is for a number of people to each contribute pro rata the price of volume of current fiction which are passed around until each has read the entire list. Each member then keeps the book started with, and the club terminates for the season, which usually last six months, or according to the number of members, as the volumes are retained one week before passing.

A committee chooses the books, formulates rules for passing and starts the plan in operation. The books were secured through Geo. S. Might, and in this manner the club members can read all the latest works of fiction by contributing the price of one volume. Any person desiring to form similar clubs can learn particulars at the store of Geo. S. Might.

### A Musical Centre.

That Charleroi is rapidly becoming a musical centre is evidenced from the number of notable musical events scheduled here in the immediate future. Beginning with the concert of the M. E. church tonight and tomorrow night by the Charleroi Choral Society and other local talent, comes the concert by Prof. Morse, formerly instructor at the California Normal school, and a company of noted singers in which the first scene of a German grand opera will be presented, followed by the concert of the noted Welsh singers, who come at the instance of Prof. I. T. Daniels, musical instructor of the public schools.

In addition to these notable musical events, are many choral societies, quartets and glee clubs. The singing society of the Charleroi Turn Verein is also an organization which has had thorough and systematic training for a couple of years or more under a capable instructor, and has competed in a number of the singing contests of the various Turnfests in this section. There are several church choirs also in town noted for their training and ability, as well as some most excellent orchestras, one of which the Palace Theatre aggregation. When account is taken of the time and means devoted to music in Charleroi it will be found that the town is already a musical centre of considerable prominence.

### SENSIBLE BEAUTY AIDS

#### A Hint Upon a Subject Every Woman is Interested In.

During this period, which is recognized as the most trying time of the year for complexion troubles, the sale of Crown Cream is naturally the heaviest. This preparation, which is literally without a rival today, is not a massage cream alone, but is a true beautifier of the finest type. In fact it is the only face cream which gives some of the best effects of massage, without any manipulation of the skin. Of course these effects can be hastened, and made more lasting by employing a new massage appliance called the Harlan Beauty Cup, which is made of pure Para rubber, and is so devised that it acts with a vacuum principle.

The emphatic style, assured poise and distinction that mark the gentlemen in every gathering, cannot be obtained in any other clothes, but tailored to your own order.

Our clothes are designed and tailored in New York by master mechanics in the art of dress, by experts who spent a lifetime in the study of clothes building. That's why we are so certain of a perfect fit, that we legally guarantee every garment we make. If a garment fails to give you satisfaction the loss is entirely ours.

We also clean and press your clothes for 6 months free of charge.

Suits to order \$15 to \$45.

In this way it gently withdraws all impurities from the pores of the skin, creating no callous, wrinkles, or by its effect upon the fine blood vessels beneath the surface, builds up the tissues so that the wrinkles no longer exist. In this way, by the use of Crown Cream and the Beauty Cup combined, sallow or pallid skins are cleansed and enriched by the action of the blood upon the "tiny vessels" that have been retarded because of unhealthy conditions both above and below the surface.

It will be seen that these are true beauty aids, based upon common sense ideas, and belong on every woman's toilet table. And they cost so little. The Beauty Cup sells for 50c, and this is also the price per jar of Crown Cream. W. F. Hennings' Drug Store, Fifth and McKean.

### KING QUALITY

The "Shoe of Shoes" for Men

The province of a shoe is to dress the foot becomingly and to give ease and comfort to the wearer. We have united these requisites in a pleasing and permanent degree in KING QUALITY, the "shoe of shoes" for men.

Isn't it reasonable to suppose—but we won't suppose anything. We have been making men's shoes for over thirty years, building them better all the time, and the KING QUALITY SHOE of to-day is the result. It is a concrete example of brains—patience—and no end of money focused on one idea—that of building a shoe that would excel all others at the price. We know that the KING QUALITY SHOE is the best ever, and thousands of satisfied customers voice our sentiments.

We could show you letters as enthusiastic as a hunter's account of his first deer, but we want you to try the KING QUALITY SHOE and see for yourself. Cultivate absolute shoe satisfaction by ordering a pair at once. Discriminating men wear KING QUALITY SHOES.

## BALD HEADS NOT WANTED

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over thirty-five years of age as new employees.

Almost 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no change for the remedy used during the trial.

We know exactly what we are talking about and with this offer back of our statements no one should, scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

## MANY FOREIGNERS WILL PETITION COURT FOR NATURALIZATION PAPERS

### Meeting Will be Held the First Part of January.

In all probability there will be between 50 and 100 foreigners residing in Charleroi who will make an effort to become American citizens at the first part of next year. Assessor H. F. Parsons, who is busy now taking the assessment of Charleroi, has found a large number who desire to become citizens, and who ask for information. Partly through Mr. Parsons' instrumentality a meeting has been called to be held probably January 11, at which time the foreigners who desire to secure naturalization papers, will be instructed as to the proper methods to pursue in order to secure them and arrangements made for a trip to Pittsburgh, where the necessary steps will be taken in the United States District Court. At present cards containing the most important information are being printed and will be distributed among the foreign people.

To secure naturalization papers the applicant must state place and date of birth, date and port of embarkation, port of arrival, name of vessel in which he came, place and date of birth of wife, if any, and the name, place and date of birth of children, if any. The applicant must be able to speak the English language, must have resided in the United States five years and in Pennsylvania one year. He must be accompanied to the United States District Court by two witnesses who have known him for at least five years and know him to be of good character when the application is filed, and again when the papers are granted.

There are many who have resided in this place for many years, yet are not naturalized. Council has taken an interest in the matter and is assisting Assessor Parsons in the preparation of the cards of information. The meeting to be held will be attended by persons who are versed in the naturalization laws, and who will explain them.

## TWO LOTS OF NOAH SPEERS HEIRS SOLD

At a master's sale in partition, two lots of the property of the Noah Speers heirs, one in Twilight borough, and one in Speers borough, were disposed of yesterday afternoon. John R. McCright, of Washington was the master. Others here from Washington in connection with the sale were Attorneys O. S. Chalfant, E. E. Crumrine, T. Jeff Duncan, Major John F. Post, and J. Boyd Crumrine. There is other property of the Speers heirs to be sold, but this was postponed until a later date.

It is expected to finish the tabulating today.

## LARGE STORAGE TANK BEING ERECTED FOR NEWELL WATER PLANT

This week a large force of men started at work excavating for the mammoth storage tank for the system of water works at Newell. This system is to be installed by the Pittsburgh and Lake Erie Railroad company and the work will be pushed with all possible speed as long as favorable weather lasts. The installation of this system will put Newell on a footing for rapid development as a town next season.

Construction work on the buildings and plant of the big chemical works that are being erected there by the General Chemical company is progressing rapidly. Many of the buildings are well under way, and the installation of the machinery will be commenced at the earliest possible moment. Not much is made public concerning the capacity of this plant, or the nature of the product, but from preparations and the size of the plant it is manifest that operations are expected to be conducted on an extensive scale.

The P. and L. E. Railroad company is also doing a big piece of work at Newell. This is the construction of two sidings, each large enough to accommodate 100 empty cars. The sidings have to be cut out of the hillside from a point near the Anchor mine to Miller's hollow, near the scale house. Two steam shovels are used and three work trains. The dirt is hauled to Brownsville and dumped into the hollow at Dunlap creek. It will aid very materially in filling the big depression that exists there.

### Picked Up Wrong Man.

Two Waynesburg girls went to Pittsburgh yesterday to do some shopping, and meeting an agreeable young man in a restaurant entered in conversation with him. A policeman happened along and recognizing the young Lothario as an alleged crook, arrested the whole bunch and landed them in the police station. Relatives from Waynesburg rescued the girls, who will be more careful in the future whose attentions they accept.

### Charter Notice.

Notice is hereby given that application will be made to the Governor of the Commonwealth of Pennsylvania on Monday, November 15, 1909 by J. F. Donaghy, C. S. VanVoorhis and R. M. Smith under the act of Assembly entitled "An act to provide for the incorporation and regulation of certain corporations," approved April 29, 1874, and the supplements thereto, for the charter of an intended corporation to be called Charleroi Automobile Company, the character and object of which is "the maintenance of an automobile garage for the manufacture, sale, exchange, repair and storage of automobiles and automobile fixtures, parts and supplies" and for these purposes, to have, possess and enjoy all the rights, benefits and privileges of said act of Assembly and supplements thereto.

## CLINTON MINE SOLD TO RIVER COAL COMPANY

### Purpose to Secure Coal in Rear of the Workings.

The Clinton mine, formerly owned by the People's Coal company, has been taken over by the River coal company and is now running under new management. W. N. Rigg will be the new superintendent and the mine will be run in connection with the Mongah mine, of which he is also superintendent.

The terms of the deal whereby the Clinton mine was to be taken over were completed some time ago but owing to some releases which it was necessary to obtain, the deal was not consummated until this week. The purpose of the taking over of the Clinton mine by the River coal people, was to give them access to some valuable undeveloped territory owned by them in the rear of the mine. The Clinton mine is practically worked out, the entries having been pushed back to the face of the coal the company desires to operate.

## LADIES' MISSIONARY SOCIETY HAS MEETING

The Washington Avenue Ladies' Missionary society held their regular monthly meeting at the Washington Avenue church yesterday and took up the discussion of Korea. Mrs. R. J. Whitehead, the president, opened the meeting after which the lesson of the afternoon on Korea was taken up by the leader, Mrs. Joseph Elliott, and her assistants, Mrs. Edwin McKay, Mrs. William Gelder and Mrs. Herman Culler. A business meeting and social hour followed. Mrs. Charles Michiner and Mrs. William Eneix were hostesses. The meeting was a sort of memorial affair, there not having been any meeting since the death of a prominent member, Mrs. J. M. Whitlatch.

A farewell was tendered Mrs. Joseph Elliott, who leaves soon for Colorado, to make her future home.

Thirty-Four Free Patients. Sixty-eight patients were cared for at the Washington hospital during October. Thirty-four of these were charity patients.

Mills to be Enlarged. Plans have been completed for the enlargement of the Standard Tin Plate works at Canonsburg whereby 300 more men will be employed.

## IMPORTANT CHANGES MADE IN SCHEDULE

### One New Train Will Come Up Valley on Sunday.

Important changes are to be made in the train schedule on the Monongahela Division beginning on Sunday. There are to be alterations in the time of several trains, but these changes have not been announced as yet. Among the important changes will be the establishment of a Sunday train to Rices Landing to reach there at 10:00 o'clock and a new Sunday train to Brownsville, to go south through Charleroi at 12:23 o'clock. There will be also a Sunday train established from Rices Landing north. Heretofore there have been no Sunday trains on this branch. Train service on the Ellsworth Branch will be entirely re-adjusted, and there will be more trains put on for the Marianna run. The general important changes announced for the division are:

Weekday train No. 174 will be established to leave Pittsburgh 9:10 p. m., arrive at Monongahela at 10:30 p. m. and Marianna at 11:41 p. m.

Sunday only, train No. 198 will be established to leave Pittsburgh at 9:10 p. m., arrive Monongahela at 10:39 p. m. and Marianna at 11:20 p. m.

Sunday only, train No. 189 will be run through to Rices Landing, arriving at 12:49 p. m.

Sunday only, train No. 186 will leave Pittsburgh 6:05 p. m. and arrive Brownsville at 8:41 p. m.

Sunday only, train No. 188 will leave Pittsburgh 9:10 p. m. arrive Monongahela 10:09 p. m.

New Sunday only, train No. 190 will leave Pittsburgh 10:30 p. m. arrive Brownsville 1:05 a. m.

## DECISION OF WASHINGTON COUNTY JUDGE WILL PROTECT THE MINERS

### Still Confined to Home.

Rev. J. Secbinksky, pastor of the Russian Orthodox church here who was badly injured last week when a bottle of ketchup exploded at his home, has not recovered as yet, but still is under the care of a physician. His face shows the effect of numerous cuts from pieces of flying glass.

## TRUE BILL FOUND AGAINST ITALIAN ON SEVERAL COUNTS

The grand jury at Washington returned a true bill yesterday against Tony Calasto, an Italian charged with robbery. There are 12 counts in the indictment and that many different private prosecutors. The scene of hold-ups was at Shire Oaks. Calasto appeared to be the leader of an organized gang that did not work, but lived off what they could extort or take from fellow countrymen, especially on payday. A bill charging assault and battery was also returned against Calasto.

The grand jury also returned a true bill against W. M. Burley, charging assault and battery. Fay Gainer is the prosecutor. The suit is the outcome of a fight in Burley's office at California. At the February term Gainer recovered \$1,750 on a wage contract from Burley and had blood has existed between the parties ever since.

## RECORDS BROKEN AT CARNEGIE STEEL MILL

Last month the Carnegie Steel Hoop mill at Monessen turned out the largest output since the mill was started. No. 1 mill turned out 1,727 gross tons of cut steel and No. 2 mill also smashed all records with an output of 2,713 gross tons of spring steel used in automobile and buggy building. The new record is 72 tons in excess of past figures reached by No. 1 mill and No. 2 mill has beaten her old figures by 38 tons.

### No Race Suicide.

The Washington board of health reports 29 deaths in the town during the month of October. There were 43 births during the month.

### Pigeon Creek Coal Deal.

It is stated that a syndicate of Pittsburgh capitalists are negotiating for a block of coal near the Pigeon Creek Presbyterian church. There are nearly 1,000 acres in the block, which the farmers owning it have united in holding for an average price of \$300 an acre. It is believed the deal will go through.

### Entertains Friends.

About 40 friends were entertained last night by Miss Mabel Hoskins at her home, 510 Lincoln avenue. The evening was spent with the playing of games and music. Lunch was served. Out of town guests were present from Speers.

The manicuring parlors formerly occupied by Miss Lamb on Fourth street will be re-opened on November 8, 1909. Miss Keech will be prepared to do manicuring, shampooing, hair dressing and weaving, face and scalp massage, and chiropody.

Walter Ebert of Bentleyville was attending to business transactions in Charleroi Thursday.

### Safety Lamps and Appliances

#### Must be Used in Bituminous Mines.

The county court yesterday afternoon handed down a decision in a case involving the use of safety appliances in bituminous coal mines, settling a question of paramount importance to coal operators and miners in this section and one that has caused much litigation.

The case grew out of a report made by Mine Inspectors Pratt, Adams, Ross and Phillips following an examination of the Manifold mines of the Yaughibgheny and Ohio Coal company. The report recommended that, except in a small, unused portion of the mine, safety lamps should be used and safety explosives only employed.

The company took an appeal and the court appointed a board of commissioners composed of James Blick, Benjamin Fereday and Jesse K. Johnston, all mining experts, to investigate. This board reported that the danger from gas in the mine was slight providing safety lamps were used in the pillar workings and wherever gas in appreciable quantities could be discovered and also where the intake airways were sufficient and kept free from floating dust. The board approved the use of safety explosives.

The company claimed the board did not sustain the inspectors and that it need make no material change in the operation of the mine. The inspectors appealed and filed exceptions. The controversy came upon court last week and the inspectors and company were instructed to reach some agreement, the court ruling that the commissioners' report indicated great latent danger in the mines.

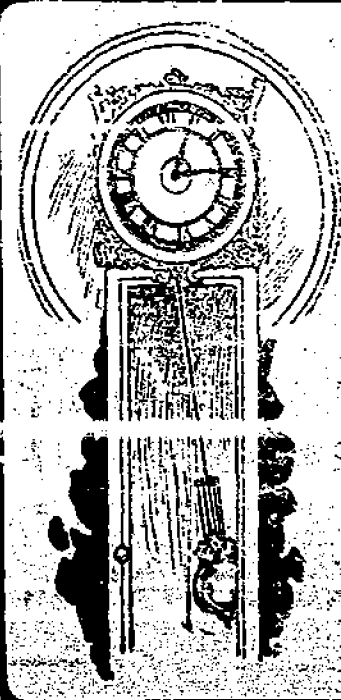

This agreement reached yesterday and approved by the court in its decision, is to the effect that all parts of the mines must be worked with locked safety lamps except those portions which are unused and the worked out and isolated portions and except in main haulage passage ways, which are to be determined by the mine inspectors and company. The safest known explosive recommended by the State Mining Department shall be used.

Similar conditions exist in a majority of the mines in the Pittsburgh district, and similar agreements in most cases will be made.

## MEMBERS OF CLUB GET LATEST FICTION

The Charleroi book club, which has been in successful operation for two seasons past, has again organized. The plan is for a number of people to each contribute pro rata the price of volume of current fiction which are passed around until each has read the entire list. Each member then keeps the book started with, and the club terminates for the season, which usually last six months, or according to the number of members, as the volumes are retained one week before passing.

A committee chooses the books, formulates rules for passing and starts the plan in operation. The books were secured through Geo. S. Night, and in this manner the club members can read all the latest works of fiction by contributing the price of one volume. Any person desiring to form similar clubs can learn particulars at the store of Geo. S. Night.

**A Musical Centre.**  
That Charleroi is rapidly becoming a musical centre is evidenced from the number of notable musical events scheduled here in the immediate future. Beginning with the concert of the M. E. church tonight and tomorrow night by the Charleroi Choral Society and other local talent, comes the concert by Prof. Morse, formerly instructor at the California Normal school and a company of noted singers in which the first scene of a German grand opera will be presented, followed by the concert of the noted Welsh singers, who come at the instance of Prof. I. T. Daniels, musical instructor of the public schools.  
In addition to these notable musical events, are many choral societies, quartets and glee clubs. The singing society of the Charleroi Turn Verein is also an organization which has had thorough and systematic training for a couple of years or more under a capable instructor, and has competed in a number of the singing contests of the various Turnfests in this section. There are several church choirs also in town noted for their training and ability, as well as some most excellent orchestras, one of which the Palace Theatre aggregation. When account is taken of the time and means devoted to music in Charleroi it will be found that the town is already a musical centre of considerable prominence.

During this period, which is recognized as the most trying time of the year for complexion troubles the sale of Crown Cream is naturally the heaviest. This preparation, which is literally without a rival today, is not a massage cream alone, but is a true beautifier of the finest type. In fact it is the only face cream which gives some of the best effects of massage, without any manipulation of the skin. Of course these effects can be hastened, and made more lasting by employing a new massage appliance called the Harlan Beauty Cup, which is made of pure Para rubber, and is so devised that it acts with a vacuum principle.

**KING QUALITY**

The "Shoe of Shoes" for Men

The province of a shoe is to dress the foot becomingly and to give ease and comfort to the wearer. We have united these requisites in a pleasing and permanent degree in KING QUALITY, the "shoe of shoes" for men.

Isn't it reasonable to suppose—but we won't suppose anything. We have been making men's shoes for over thirty years, building them better all the time, and the KING QUALITY SHOE of to-day is the result. It is a concrete example of brains—patience—and no end of money focused on one idea—that of building a shoe that would excel all others at the price. We know that the KING QUALITY SHOE is the best ever, and thousands of satisfied customers voice our sentiments.

We could show you letters as enthusiastic as a hunter's account of his first deer, but we want you to try the KING QUALITY SHOE, and see for yourself. Cultivate absolute shoe satisfaction by ordering a pair at once. Discriminating men wear KING QUALITY SHOES.

## BALD HEADS NOT WANTED

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over thirty-five years of age as new employees.

Almost 65 per cent. of bald-headed people may regain a good head of healthy hair if they will follow our advice, and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no change for the remedy used during the trial.

We know exactly what we are talking about and with this offer back of our statements no one should, scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rexall "93" Hair Tonic comes in two sizes 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store, John W. Carroll.

# Experience Counts

When your hair begins to fall the Doctor in general practice does not know what to do. He lacks the experience. Then is the time to write to the Woodbury Consulting Physician for advice about Woodbury's Combination Hair and Scalp Treatment.

For over a third of a century this wonderful treatment was used at the offices of the Woodbury Institute only. Now it is for sale by druggists everywhere.

Woodbury's Combination Hair and Scalp Treatment overcomes all diseases which cause dandruff. It preserves, stimulates and strengthens the hair. It makes the hair abundant and beautiful.

Get this treatment now—to-day. Every day of neglect is one day nearer baldness. You cannot begin to save your hair too soon.

Three time-proved preparations in the combination. All sizes 25c, 50c, \$1.00. All druggists.
